**Response to questions 6-25 and comments:**

Mr. Sveum is a great instructor who cares about what he teaches and about his students. He does a good job teaching and explaining economics in terms that are easier to grasp and understand.

**Would you take this instructor/professor again? Why or why not?**

Yes, I really liked how we were given notes packets to follow along with the lecture. I also found that the worksheets at the end of class helped a lot on homework because they were similar. The tests were fair and the practice tests were great to help prepare you for the test.

**Response to questions 6-25 and comments:**

I think there should be more points than just the test. A lot of people aren't good test takers and would benefit from other points.

**Would you take this instructor/professor again? Why or why not?**

Yes, he knows what he is doing and is fair.

**Response to questions 6-25 and comments:**

**Would you take this instructor/professor again? Why or why not?**

Absolutely, Matt Sveum presented the material thoroughly and always applied it to current events or history. I particularly loved the way we were taught compounding interest as a way to make money rather than relating it to debt. Because of this, I started putting monthly deposits into a mutual fund. Thank you!

*Wow!*

**Response to questions 6-25 and comments:**

Loved the class, made me think.

**Response to questions 6-25 and comments:**

My emails were never replied to. I would suggest talk more at our level-seemed like I never understood.

**Would you take this instructor/professor again? Why or why not?**

No because I have no reason to take another macro class.

**Response to questions 6-25 and comments:**

Great class. He makes economics enjoyable.

**Would you take this instructor/professor again? Why or why not?**

Great professor. Will be taking micro with him.

**Response to questions 6-25 and comments:**

Good teacher, really explained material well.

**Would you take this instructor/professor again? Why or why not?**

Probably not just because economics is not my thing, but good teacher.

**Response to questions 6-25 and comments:**

**Would you take this instructor/professor again? Why or why not?**

Yes. Fav teacher ever!!!

**Response to questions 6-25 and comments:**

If we could do less lecturing and more interactive projects I think more people would like and succeed in this class.

**Would you take this instructor/professor again? Why or why not?**

**Response to questions 6-25 and comments:**

Amazing layout of teaching.

**Would you take this instructor/professor again? Why or why not?**

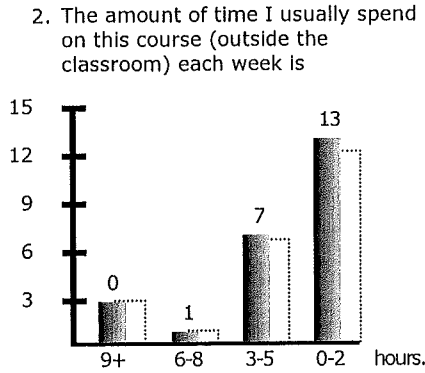

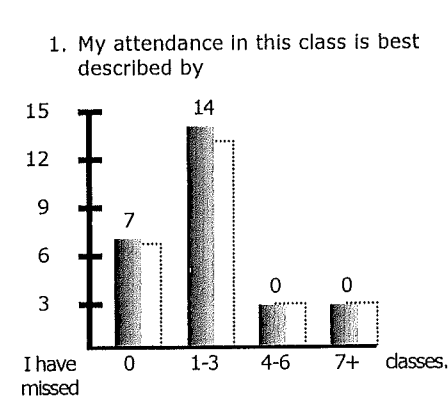

Best teacher I've ever had! Of course I would take this class again.
